*Specialty Medications in tiers 4-6 are available only through Centura Health Pharmacy Services. In the event Centura Health Pharmacy Services is unable to fill your specialty prescription, a Centura Health pharmacist can assist in directing you to another qualified pharmacy determined by your benefit.

Not all medications included on the ClearScript Formulary are covered by the Centura Health CommonSpirit Pharmacy Benefit Program. The presence of a medication on the formulary does not guarantee coverage. Coverage for some drugs may be limited to specific dose forms and/or strengths. The medications listed on the ClearScript Formulary are subject to change.

Deductibles

If you are enrolled in the HRA or CVP plans you do not have a pharmacy benefit deductible.

If you are on the HSA plan, your covered medical and pharmacy expenses apply to your annual deductible. This means you are responsible for paying 100% of your pharmacy expenses until you reach your deductible amount. Once you meet your deductible, you are responsible for only your coinsurance until you reach your maximum out-of-pocket limit.

Out-of-Pocket Maximums

Your covered out-of-pocket costs for medical and pharmacy expenses are combined in calculating when you meet your out-of-pocket maximum. The maximum out-of-pocket limit is the most you will pay during the coverage period for pharmacy benefits. Once you have reached the maximum out-of-pocket limit, the pharmacy benefit pays 100% of your covered expenses.

For the HSA plan, your deductible dollars apply to your maximum out-of-pocket limit.

HRA Plan			
	Associate	Associate +1	Associate + Family
Maximum Out-of-Pocket	\$3,500	\$7,000	\$10,500

Centura Value Plan			
	Associate	Associate +1	Associate + Family
Maximum Out-of-Pocket	\$3,500	\$7,000	\$10,500

HSA Plan		
	Associate	Associate + Family
Maximum Out-of-Pocket	\$3,000	\$6,000
Deductible	\$1,500	\$3,000

Additional Coverage Information

<p>Prior Authorization</p>	<p>Some medications on the formulary require prior approval before the pharmacy benefit provides coverage. In these instances, your physician will need to fill out a form to provide additional clinical information. A clinical review is performed to determine if your use of the medication is consistent with the pharmacy benefit coverage.</p> <p>Medications requiring prior authorization have been reviewed by a committee that considers nationally accepted treatment protocols, medical literature and FDA-approved labeling in determining if prior authorization is required.</p>
<p>Quantity Limits</p>	<p>For some medications, your pharmacy benefit limits the days supply that can be dispensed for a period of time.</p> <p>The goal of the Quantity Limit program is to promote cost effective use of medications based on FDA-approved dosing guidelines, medical literature and other factors.</p> <p>Quantity limits are revised on an ongoing basis as clinical information changes and new guidelines and standards of care are updated.</p>
<p>Step Therapy</p>	<p>For medications requiring Step Therapy, you are required to try a first step medication before a second step medication is considered for coverage. If you are not able to take the first step medication for medical reasons or if the first step medication is determined to be inappropriate or ineffective for your treatment, your doctor can request a prior authorization for a second step medication. A clinical review is performed to determine coverage.</p> <p>Prior Authorization, Quantity Limits and Step Therapy criteria are revised on an ongoing basis as clinical information changes and new guidelines and standards of care are updated. To find out if a medication you are prescribed requires Prior Authorization, Quantity Limits or Step Therapy, visit our Member Page at www.ClearScript.org/CHCS to access the Formulary Guide or call 1-888-807-7029 for the most current formulary information.</p> <p>For specific information about your pharmacy benefit coverage, please refer to your Summary Plan Document.</p>

Filling Your Prescriptions

To have your prescription filled, simply present your prescription and your pharmacy benefit card to the pharmacist at a Centura Health Pharmacy or a retail pharmacy in our pharmacy network. The pharmacist will enter your information into the claims system and collect your copayment or deductible/coinsurance.

Only your Centura Health CommonSpirit pharmacy benefit card can be used to fill your prescriptions—your medical benefit card will not provide the information needed to process your pharmacy claims.

Your pharmacy benefit card will arrive in the mail. If you do not receive your card, please contact Member Customer Service at 1-888-807-7029.

Centura Health Pharmacies and the Retail Pharmacy Network

You are encouraged to fill your prescriptions at a Centura Health Pharmacy. However, you also have the option of using a pharmacy included in the ClearScript national retail pharmacy network. The retail pharmacy network includes major chains and independent pharmacies. You can find participating pharmacies by visiting the Pharmacy Locator on the ClearScript.org/CHCS website or by contacting our customer service center at 1-888-807-7029.
